LEARNING2007

Oct. 21-24 . Orlando, FL . www.learning2007.com

"Thank you for a new paradigm in Conferences for the learning community. You are to be congratulated for turning from the old model and initiating a Conference that focuses on the whole profession of learning rather than specific aspects of the field. I look forward to attending a truly interactive, participative event where ideas and best practices will be freely exchanged."

*- Ronald Cohen, Vice President Human Resource Division,
Bank of New York*
